PROFESSIONAL SUMMARY

Computer Science (AI/ML) undergraduate with skills in Python, Object-Oriented Programming, Data Structures & Algorithms, and software development. Built AI, computer vision, and embedded systems projects. Passionate about building AI-powered applications and solving real-world problems.

EDUCATION

B.Tech in Computer Science Engineering (Artificial Intelligence & Machine Learning) – 2023-2027

RAJEEV GANDHI MEMORIAL COLLEGE OF ENGINEERING AND TECHNOLOGY, NANDYAL. | CGPA: 8.10

TECHNICAL SKILLS

Programming	Python, C, Java – OOP, data structures & algorithms
AI / ML	Machine Learning (Supervised & Unsupervised), Deep Learning, Computer Vision, Object Detection
Libraries	NumPy, Pandas, Scikit-learn, Matplotlib, TensorFlow, PyTorch
Cloud	AWS Certified, Microsoft Azure, Git & GitHub, Jupyter Notebook, Google Colab
Databases	SQL / DBMS – Hacker Rank Advanced Certified
Automation	UiPath RPA – Certified Professional Developer

PROJECTS

Drowsiness Detection

- Developed a real-time computer vision system using Python and OpenCV to detect driver fatigue through eye closure and facial landmark analysis. Implemented automated audio alerts to warn drivers and improve road safety.

AI-generated Image Detection

- Developed a deep learning-based system to classify images as real or AI-generated (fake) using image processing and machine learning techniques. Implemented automated image analysis to identify synthetic visual content and improve digital media authenticity verification.

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- Microsoft Certified: Azure AI Fundamentals
- UiPath Certified Professional Automation Developer Associate
- Complete Guide to Manipulator Robotics: Theory to Simulation
- Arduino for Beginners – 2025 Complete Course

INTERNSHIPS

AWS Data Engineering Virtual Intern

AICTE Edu Skills

- Built data pipelines on AWS; applied cloud-based data preprocessing and transformation techniques.

AWS Generative AI Virtual Intern

AICTE Edu Skills

- Explored generative AI workflows on AWS including prompt engineering and cloud-deployed model integration.

ACHIEVEMENTS

- Attended a hands-on ROS (Robot Operating System) workshop - gaining exposure to robotics software frameworks.
- Participated in AI, Cloud Computing, and technical symposiums; collaborated on team-based engineering projects.

LANGUAGES

English - Hindi -Telugu
